

Cancelation Policy

**The last day to register for an adventure trip will be Tuesday May 27, 2025.
The day after Memorial Day**

If canceled after this period those campers enrolled will still be charged as if they were going on the trip.

There are several variables that go into adventure trip planning. A few of them include the following:

- Dates outfitters are open to the public
- Activity permits that regulate group size
- Vehicle transportation
- Food ordered
- Number of staff assigned

It is because of these variables why this cancelation policy exists.

Due to the 2020 pandemic, it is now a common practice for these partnered outfitters to not offer refunds, especially to large groups. Thus, that is why the payment must still be collected because it would be as if the camper were still on the trip.
