

Berkshire Breakaway

Travel to Western Massachusetts and into the Berkshire Mountains. Campers on this trip will spend one day of hiking in the beautiful Berkshires, the first mountain range of the Northeast. The other days are spent on the Deerfield River kayaking and whitewater rafting in the Zoar Valley. On the way back, this trip will stop at a tourist cave in New York State. This trip is meant to be a soft introduction for those campers thinking of doing the Northeast Beast adventure trip in the future!
