

## Vermont Voyage

Heading to the Northeast, this trip follows the same path as our Level 4 trip- Northeast Beast but is shortened a bit to get back to Camp Fitch in time for a Saturday parent pick up. Campers will go on a day hike in the Green Mountains, mountain bike, and whitewater raft the Zoar Valley on the Deerfield in Massachusetts.

Note that many places are in Massachusetts, but when we depart and do the activity, we will be in Vermont. This trip takes place right on the Vermont and Massachusetts border.
